## WE ENCOURAGE THE SWEDISH MIGRATION AGENCY TO RESPECT THE FAITH OF THE CONVERT

The asylum seekers we have met in our churches have become our friends. Some of them have converted into Christian faith and thereby proclaimed their faith as a reason for their asylum seeking application. Today many of these converts becomes questioned whether their faith is legit or not. We are happy with those who get to stay in Sweden, but repeatedly the Swedish Migration agency disallows the Christian faith in the people we have followed for such a long time and really gotten to know. It crushes not only the heart of the asylum seeker, but also even our hearts.

## By signing this petition I demand the following from the Migration Authority:

- Let the new legal deposition when it comes to religion as a cause of asylum, be updated based on current research.
- Let the assessment of the threat towards the convert and his/her need of protection; have a higher priority in the investigation.
